

ABC Data Sheet

Date	Antecedent	Behavior	Consequence
4/13/2018	Example: Denied access to more chips	Example: Attacking dad, throwing items off of table, screaming and crying	Example: Told him to stop it, offered him choices, then walked away from him

Directions: On each line, write the date of the incident, and list what happened before (antecedent) the behavior occurred, which behavior occurred, and what happened after the behavior occurred (consequence). You can list multiple antecedents, behaviors, and consequences in each box to describe one incident.
